## INFO & NOTES

The online store will require a new email address to send receipt emails which BrandeeJ would create in the Luxe Kurves GSuite account.

\*\*\*\*Upon completion of the online store the monthly hosting for Luxe Kurves will go from \$30/month to \$60/month.

## TERMS & CONDITIONS

---

The terms listed above are to create an online store for Luxe Kurves/Brandee Joyner. Custom development requests that extend development time past the allotted maximum times for each task listed above will be billed separately at \$50/hour.

This invoice does not include any graphic design work. All graphic design, image editing, and video editing that is requested or becomes necessary will be billed separately at a rate of \$50/hour.

Upon accepting this estimate an invoice will be automatically created. 100% of the invoice will be due before website development begins.

Trinity Digital Design would love to host your website. Basic web hosting begins at \$25/ month. Why host with your developer? After completion of your website Trinity Digital Design will perform daily software updates, daily backups, and monitor basic website security through the free version of the Wordfence plugin. Wordfence is trusted by over 3 million sites worldwide. Options to add Wordfence Pro are also available beginning at an additional \$15/month.

Trinity Digital Design will need full access to the client's hosting (cPanel) account. If the client chooses to go with a separate web host, please provide the host name, username, and password via email as soon as possible after accepting this estimate. Development cannot begin without the hosting credentials.

In order for development to begin promptly, Trinity Digital Design will need the client's logo (.ai-Adobe Illustrator or .pdf file), basic website colors (hex codes), text and title fonts and colors (hex codes), and all contact information that the client would like on the website as soon as possible after accepting the estimate.

The estimated completion date is 10 business days after the invoice is paid in full, and all items requested above have been delivered to Trinity Digital Design via email. Timely completion of the website is highly dependent upon client response times. If requested information, media, or other files are not provided in a timely fashion the estimated completion time will be extended equal to the delay in client response.

This estimate does not include any type of automatic data transfer, automatic order printing, custom client accounts, or custom checkout fields.

\*\*\*\*\*If the client chooses another payment processor other than Stripe this estimate will no longer be valid.
